

Product

Pro-Treat®

Features

- Destroys odors
- Helps maintain clean drain pan
- Prevents pan overflow and damage

Benefits

- Saves time and cost by preventing drain pan overflow
- Eliminates odors to improve air quality
- Easy to apply and economical treatment
- Monthly application means less work and maintenance

Application

Pro-Treat® Pan Treatment tablets control odors and eliminate condensate drain pan overflows and the resulting water damage. Pro-Treat tablets are completely soluble and easy to use. Pro-Treat tablets are non-corrosive and non-toxic. When used regularly, Pro-Treat tablets will assure season long, trouble-free condensate drain pan performance

Directions

Step 1: For ongoing preventative maintenance dose Pro-Treat tablets per the chart below

Step 2: Place Pro-Treat™ tablets at a point furthest from the drain to assure total pan cleaning and treatment
