

2J UNIVERSITY

DUNKIRK BOILER HANDS-ON TRAINING

Training Event – Toledo 2J Supply

Wednesday, August 12th

8:00 a.m. – 11:30 a.m.

2J Supply – Toledo

Earn 3 CEU credit hours while sharpening your skills on today's high-efficiency condensing boiler systems. This hands-on training is built for contractors and technicians who want fewer callbacks and more confidence on every job.

- What you'll learn:
 - The science behind condensing technology & efficiency gains
 - Best practices for system design, piping, and venting
 - Step-by-step installation & commissioning checklists
 - Routine maintenance essentials to keep systems running strong
 - Troubleshooting common issues
