

2J UNIVERSITY CLASSES OF 2026

EC Motors & Inverter Drives 101

PRE-REGISTER

Modern HVAC systems increasingly rely on electronically commutated (EC) motors and inverter drives. 2J University's **EC Motors and Inverter Drives 101** class covers how they work, where they're used, and how they improve control, efficiency, and system performance.

November 17, 2026

8 a.m. - 10 a.m.

2J Supply - Lexington

\$25

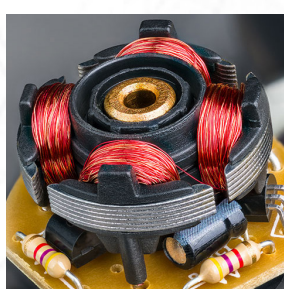

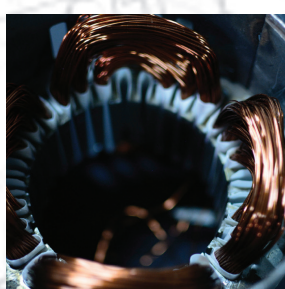

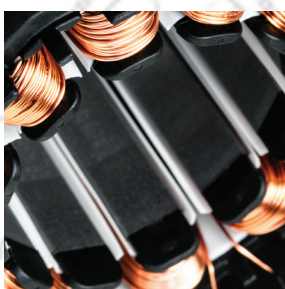

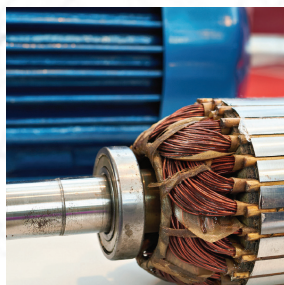

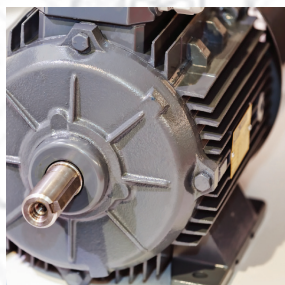

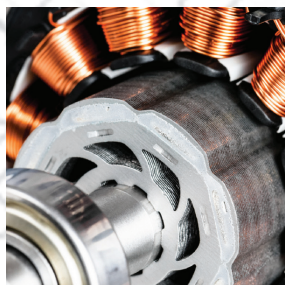

2 Hours Kentucky CEUs

Light Breakfast Provided

Attendees will gain practical insight into the diagnosis of airflow issues, how to replace components, and how to help customers choose equipment. You will troubleshoot with greater confidence, reduce callbacks, and deliver better results.

For just **\$25**, attendees receive a **light breakfast plus 2 hours of Kentucky CEUs.**
