RUUD

COMMERCIAL TRAINING

GET HANDS-ON WITH RUUD COMMERCIAL HVAC SYSTEMS

REGISTER

Expand your commercial HVAC expertise and gain valuable **hands-on experience with Ruud® commercial equipment,** including the **Ruud® Economizer,** a ventilation accessory designed to improve indoor air quality and energy efficiency through the use of outdoor air for free cooling with this comprehensive hands-on training from **2J University**.

- December 2, 2026
- 8 a.m. - 12 p.m.
- 2J Supply - Piketon
- FREE
- N/A
- Lunch Following

Class attendees will learn the ins-and-outs of commercial equipment applications, Economizer installation, controls setup and configuration, commercial control board setup, and best practices for installation, commissioning, and troubleshooting. You'll tour the fully operational **2J Supply Ruud® Commercial Trailer** to see system layouts, components, economizer operation, and controls integration in action.

Leave with the confidence and practical knowledge to install, commission, service, and troubleshoot Ruud commercial HVAC systems in the field.
